BUSINESS UNITS

LAW ENFORCEMENT

For years GRONELL has been the leading supplier of customized boots for public and private Police Forces.

Boots are manufactured with highly resistant and protective components to ensure high-level performances without forgetting fundamental aspects such as the design and the elegance that distinguish this kind of shoes.

Our Style and Prototype Office is ready to meet any request of realization of new lines, with specific features for specific uses.

MILITARY/ DEFENSE

GRONELL S.R.L also deals with the production of ordinary and service boots for Army, Air Force and Navy.

Our Research & Development department and our Design Department are always ready to study the best solutions, in terms of materials, design, to create footwear of extreme fitting that are at the same time highly protective. They offer high performances even in the most extreme weather conditions, during operations in hostile territories and in high risk situations.

The company is reaching great levels of experience and expertise in manufacturing any kind of boots and shoes for different activities, thanks to exclusive production we can produce even for private labels.
